* Part number as shown on Customs document to identify the product (item number, SKU, etc.)

** U.S. Customs considers the country of origin to be the country where the product last underwent a "substantial transformation" (resulting in an increase in value.) The FDA considers the country of origin to be that of the actual manufacturer. Actual manufacturer is defined as the last party involved in the production process.

*** ONLY APPLICABLE TO ANIMAL DRUG (Prescription and over the counter). Not required for animal medical devices.
