

# Consolidated Administration and Processing Entries (CAPE) Tool Resources

U.S. Customs and Border Protection (CBP) has activated the first phase of the Consolidated Administration and Processing of Entries (CAPE) tool in the Automated Commercial Environment Secure Data Portal (ACE Portal). Importers and authorized customs brokers can now file their CAPE Declarations through their ACE Portal accounts.

CAPE is designed to consolidate refunds of IEEPA duties including interest rather than processing refunds on an entry-by-entry basis. CAPE Phase 1 is limited to certain unliquidated entries and certain entries within 80 days of liquidation.

To learn more about CAPE functionality in ACE, review the [CAPE Information Notice](#). For more information on the CAPE filing process, see the [ACE Portal: CAPE Declarations Quick Reference Guide](#). CBP will maintain all information on IEEPA Refunds and CAPE at the [IEEPA Duty Refunds page on CBP.gov](#). (Scan the QR code above for more information)
